SITUATIONAL UPDATE 7/10/2020

MAYOR KATRINA FOLEY

Costa Mesa
648 Cases

ORANGE COUNTY 7/9

Posted Date: 7/9/2020

! Cases reported today are allotted to the date on when the individuals had their positive test specimen collected (specimen collection date). Labs can be delayed in reporting this information into the State CalREDIE reporting and surveillance system, which causes a delay in the County's ability to report the data. Deaths reported today are allotted to the date when the person passed away (date of death), and only after the date of death is certified by the Orange County Office of Vital Records, which can take up to 8 days as required by California law. This process can cause a delay in the County's ability to report the data.

Cumulative Cases
to Date
(includes deaths)

21,517

1,284 SNF residents, 420 OC jail inmates, and 116 Persons Experiencing Homelessness

WAITING FOR COVID-19 TEST RESULTS?

STAY HOME AND KEEP OTHERS SAFE

Stay home if you are sick and self-isolate while waiting for your COVID-19 test results.

If you're not sick, check with your employer to see if you should return to work while waiting for your COVID-19 test results.

If you have symptoms and are waiting for tests results, you should:

Stay home, if you are sick except to get urgent medical care. Call ahead to let them know that you may have COVID-19. Avoid going out or riding public transportation.

Wear a face covering when you are in the same room as others at home.

Stay in another room or away from others in your home.

Check and track your symptoms. If your symptoms get worse, get medical help right away.

Everyone at home should

Stay home if you are sick.

Wash your hands often with soap and water for at least 20 seconds.

Clean and disinfect "high-touch" surfaces often like phones, bathrooms, remotes, counters, and doorknobs.

Wear a face cover and avoid close contact if someone is sick at home. Stay at least 6 feet apart.

Cover coughs and sneezes with your arm or use a tissue. Throw used tissue into trash.

Avoid touching your face with hands that are not clean.

Avoid sharing personal items like cups, dishes, utensils, towels, and bedding.

TESTING POSITIVE FOR COVID-19 WHAT HAPPENS NEXT?

If you or someone at home tests positive for COVID-19, take these steps:

Positive COVID-19 Test with Symptoms

If you or someone at home has a positive COVID-19 test result and **has symptoms** (i.e., fever, cough, shortness of breath or trouble breathing): Unless you are given different instructions, stay home and avoid contact with others until it has been:

- at least 3 days (72 hours) after you have recovered, meaning you don't have a fever without the use of fever reducing medicine (e.g., Tylenol, Advil)
- at least 10 days after your first symptoms appeared
- **and** respiratory symptoms (e.g., cough, shortness of breath) are improving

Positive COVID-19 Test with No Symptoms

If you have a positive COVID-19 test, but **have no symptoms**, stay home for 10 days from the date the test was taken.

Follow OC Health Care Agency's Guidance for Home Isolation of Patients with Suspected/Confirmed COVID-19: www.ochealthinfo.com/homeisolation

If you get a call from the health department, please take it seriously.

All positive COVID-19 test results are reported to the OC Health Care Agency (your local health department) for contact tracing to reduce the spread of COVID-19. We contact the person who tested positive for COVID-19 to see who else might have been exposed.

What We Ask for:

- Where you have been recently and who you have been in contact with
- The names and contact information of the those you have had close contact with so we can call them. We will protect your privacy and will NOT tell them who may have exposed them without your permission

What We DON'T Ask for:

- Social Security Number
- Immigration Status
- Credit card number

If you or someone tests positive for COVID-19 and are not able to stay at home:

Ask the OC Health Care Agency representative that contacted you for help with isolation.

FREE COVID-19 TESTING

If you need another test or need to find information for someone at home or work, visit ochealthinfo.com/covidtest to find where you can get tested.

COVID-19 RESOURCES

For more information on help with getting food, losing a job, trouble paying rent, or getting medical care, visit covid19info.ocgov.com.

For more COVID-19 information, please visit www.ochealthinfo.com/novelcoronavirus or call the OC Health Care Agency's Health Referral Line at (800) 564-8448.

DISCUSSION QUESTIONS
